

The Club runs courses to help our Members and anyone with an interest in amateur radio progress through their [Radio Communications Exams](#), and we have a very high success rate from our students to date.

Our home at the *Britannia Hotel* is an RSGB Registered Examination Centre, and we're hosting Foundation, Intermediate and Advanced Exams there every year.

ENROLLING NOW

Intermediate Course

Start 1st August 2019 for 10 weeks.

Please contact me by email psephton@gmail.com or call me on 07817 308155 to enroll, or for

further information.

Paul Sephton : Exam Secretary

The **Advanced Licence** course is organised as a *distance learning exercise* by Steve G0FUW (located in Bath), with Ian, Mark and Glenn providing support as required locally.
Our candidates will sit their exam at the Club as usual

Candidates will need to register with Steve at g0fuw@tiscali.co.uk (please mention that you are from *Club Bolton Wireless*), but there are only a limited number of places available.
Contact Ian, Glenn or Paul for further information.

Successful foundation candidates May 2012:- Stephen M6BRP, Derek M6BRM and Mark M6OSX

With our **Foundation Licence Training Courses**, we have got six new M6s on the air in 2008, another seven in 2009, four in 2010, and four more in 2011.

Training

Having completed the course, the successful candidates are able to obtain their Foundation Licences, which gives them access to most of the Amateur bands with 10 watts of power: this is sufficient to make worldwide contacts, or join in local radio nets with our Members.

We've also had success with our **Intermediate Licence Training Courses** where almost all candidates passed at their first attempt.
